Reminder Regarding Mailboxes and Snow Removal

Mailboxes installed in the Town right of way are placed at the owner's risk. Each mailbox should be sufficiently solid to withstand snow-clearing operations. It is the property owner's responsibility to clear snow around the mailboxes to assure mail delivery by the U.S. Postal Service.

Snow plow operators are very cautious near mailboxes. In most cases a properly installed mail box will permit a snow plow wing to clear snow from under it. Most cases of damaged mailboxes are due to heavy snow hitting the mailbox. The mailbox is seldom hit by the plow.

When plowing your driveway, Wisc. Statute 346.94(5) prohibits anyone from placing or causing to be placed upon a roadway any foreign substance which may be injurious to any vehicle. This prohibits anyone from plowing, shoveling or blowing snow onto the road. You **may not** plow driveway snow across the road to the ditch. The penalty for violating this statute is \$50 for each offense. Additionally, section 86.022 makes it a misdemeanor punishable by fine to place any obstruction in a road ditch which will impede drainage.

Requests to have your driveway plowed need to be made through a board member or the Clerk. Calls are not to be made to the town road patrolman.
